

Little Chestnuts Preschool

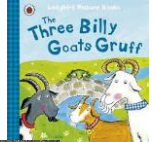

Weekly News

November 11th 2022

What have we been up to this week?

We have had a very busy week this week! We have 2 new toy characters in Preschool called Bertie and Bessy who have been helping us to find out about how our brain helps us to achieve things. We are thoroughly enjoying sharing the story of 'The 3 Billy Goats Gruff' together. It has been lovely to see Preschool retelling the story in their small world play, taking it in turns to help the goats 'trip trap' over the bridge. There was lots of lovely chatting using the words **under**, **on**, and **over** to describe the position of the characters. It was also very exciting to use some magnifying glasses and discover how much bigger they made things.

Welly Wednesday

We have been fascinated by spiders this week... spotting their webs and finding out that because they are arachnids, spiders have 8 legs! We even discovered that baby spiders are called spiderlings!

Super Sounds

We are listening carefully to the **end** of words to hear whether they sound the same. Together we have been finding pairs of pictures that rhyme.

Songs and Rhymes

Following the children's interests, we have been singing Incy Wincy Spider together this week as well as revisiting '10 Fat Sausages'. Both rhymes inspired some very creative play in the playdough!

Wow Moments

We have had lots of visitors into Little Chestnuts this week... Preschool were amazing, polite and very patient. I was incredibly proud of you - well done!
