Name of School: Cleeve Prior CE (VC) Primary School
Vision: Our vision is to provide a safe, caring and nurturing environment, where everyone is given opportunities to learn, discover and grow in our changing world. We will live out our Christian values of Respect, Hope, Love, Forgiveness, Trust and Honesty and strive to guide our community into leading fruitful lives, learning from Jesus' teachings, to love themselves and one another in order to achieve success. 'Teach children how they should live, and they will remember it all their life.' Proverbs 22:6 We believe our vision, along with its associated values, set the tone for our entire ethos as a school community. We want to give our children the best start, be led by the example of Jesus' life and for all our children to know that they can achieve anything if they put their mind to it. Our role as a school is to help them to become citizens of the future, to lead and inspire others.

Vision:

School Statement on Spirituality and Spiritual Development

In Cleeve Prior School, we recognise that developing the spirituality of our pupils and adults is a fundamental aspect of enabling pupils and adults to flourish. Our school's distinctively Christian vision, to welcome all God's children, nurture and empower them and provide them with opportunities to grow, flourish and transform as spiritual people. It is well planned and of high quality so that the whole school community is engaged on a journey of discovery.

Spiritual development differs from person to person and is a very personal experience. For this reason, it is difficult to put into words. Spirituality is not the same as having a religion or faith; a person can be spiritual without having a particular faith. For Christians in church, spirituality is about developing a deeper understanding of and connection with God. It is about God's way of being with us and our way of being with God. Through this we are able to respond to the loving nature of God as revealed through the Trinity: Father, Son and Holy Spirit. A school is not a church, but it is a collection of people who come from a variety of backgrounds for the purpose of education. Family backgrounds may be very different and spiritual development must take account of the varied circumstances of staff and pupils.

Therefore, in light of this and in light of our school's distinctively Christian vision, at Cleeve Prior School we define spirituality as an ongoing, reflective journey. Spirituality is not something we can see; it is something we feel inside ourselves. It is about awe and wonder, asking questions, inspiration and being aware of something 'bigger' outside of ourselves.

Aims and Guiding Principles

Through establishing the right learning environment in which spiritual development can be fostered, we aim to support pupils and adults to:

- develop an appreciation of their uniqueness and value as a child made in the image of God
- develop an understanding of the distinctive ethos of this church school, as well as the context, language and symbolism of the Christian faith
- develop knowledge and understanding of the school's core Christian values and the Biblical teaching that underpins them

- develop an awareness of, and respect for, other people's beliefs and faiths, and the ability to articulate their own
- develop an appreciation of what it means to be a part of a community (e.g. using their gifts and abilities in the service of others)
- develop strategies to build good mental health and a Growth Mindset
- foster self-awareness and the ability to make informed decisions
- develop the skills and language required to enable them to reflect upon the big questions and mysteries of life
- begin to understand and make sense of their own feelings and emotions around certain encounters and events that occur in their life
- develop an awareness that experiences of disappointment, failure and loss may be occasions for spiritual growth
- understand the value of difference and diversity through involvement with others
- develop a love of curiosity, creativity and imagination
- develop the ability to reflect upon experiences of awe, compassion, beauty etc.
- develop a capacity to value the natural world, a sense of awe and wonder and a commitment to care for creation.

These objectives will enable pupils and adults to have a quality of life that encompasses respect, awareness, compassion, curiosity, understanding and relationships that reflect order, reason, balance and integrity within the context of Christian faith.

Guiding principles

Spiritual development contains many facets and it is concerned with a number of areas of an individual's life. Therefore, when developing spirituality in pupils and adults, we, in line with our distinctively Christian vision and our school's definition for spirituality, look at four key areas:

- **Self**
 - Awareness of feelings: ability to reflect and express.
 - Awareness of our uniqueness: happiness with who we are.
 - Gratitude for the things we have and the person we are.
 - Exploration of personal faith.
 - Development of imagination and creativity.
- **Others**
 - Empathy and understanding: respect.
 - To love and be loved (loving your neighbour).
 - Making a difference: duty.

- **Transcendence (Beyond)**

- Encountering / experiencing God (having a sense of what lies beyond the material / physical).
- Ability to ask and discuss the 'Big Questions' (e.g. about life, death, suffering, nature of God).
- Opportunities for prayer, connecting with God.
- Making sense of the world.

- **Nature**

- Developing a sense of awe and wonder.
- Enjoying the miracles of everyday life.
- Taking time for what really matters.
- Appreciating beauty in art, music, nature, etc.

Approaches to Spiritual Development

In Cleeve Prior CE Primary School, we seek to find ways in which all areas of the curriculum can contribute to pupils' spiritual development and to highlight opportunities for these in our planning by:

- seeking to foster spiritual capacities, e.g. imagination, insight and empathy
- allowing pupils the security and opportunity to explore and express feelings and emotions and to celebrate diversity
- providing opportunities for prayer including silence and stillness
- sharing feelings and experiences that foster hope, joy, reassurance and encouragement
- encouraging pupils to develop relationships based on the school's Christian vision and associated values
- enabling pupils to make the links between the Church and Biblical teachings, the life of the school and the wider community and how these impact on their own understanding of themselves and their place within the world today
- providing an environment that promotes space to reflect, think and wonder.

The language we use to define spirituality is not child-friendly, so when talking to children about it we will refer to:

A sense of awe and wonder

Care for nature and living things

Wanting to love and to be loved by people

Awe and Wonder

Children are born inquisitive, and it is our duty to nurture this natural curiosity and guide them towards looking at the world and noticing, with awe and wonder, the natural and man-made delights all around us. We want to encourage them to ask 'big questions' about life, religion, nature, science and any other area of fascination.

Caring for Nature and Living Things

We provide many opportunities for children to learn about nature and the role they play in protecting our world. As a Church School, this is especially important. We have a very active Eco Committee and Gardening Club. We have provided bird feeders and insect hides. Through science and topic work, children learn about the world and how they can care for living things. Our School has been awarded the Eco Schools Award.

Love

We are a very caring school and pride ourselves on our ethos of family. Through our Christian Values, we teach children to care for friends, family and the community. Indeed, our curriculum includes learning about those we love and who love us.

Children's spiritual development is fostered through all aspects of our provision. It is about the relationships and the values that we consider to be important, as well as the development of knowledge, concepts, skills and attitudes.

Planning, Recording, Monitoring and Evaluation

Through teaching and learning, the school pursues the aims and objectives by ensuring:

- the curriculum and all areas of our community life will be driven by the school's Christian vision statement and associated values
- opportunities for spiritual development are actively planned into the curriculum and encouraged in all areas of school life
- unplanned and spontaneous spiritual opportunities for spiritual development are recognised, acknowledged and / or celebrated by staff and pupils
- Collective Worship celebrates the love of God for every individual and provides opportunities for pupils to respond and reflect on this
- a solid understanding of the Christian concept of God as Father, Son and Holy Spirit; of prayer and of the Bible is nurtured and developed
- the school building and outdoor environment provides appropriate spaces for silence, stillness and prayer
- that pupils' spiritual capacities, such as imagination, empathy and insight, are fostered through the creative arts and interactive multi-sensory teaching strategies making use of the outdoor environment and relevant educational visits
- opportunities are provided for pupils to listen attentively and observe carefully, to listen with discernment, to value what is good and worthwhile and to make judgements through discussion and exchange of views and ideas

- support is provided for learning to live with success and failure for themselves and with others
- that the RE curriculum delivers knowledge and understanding of spirituality from a number of world faith and world view perspectives
- that pupils are given as many opportunities as possible to explore the wonder of the natural world and to develop an understanding of the Christian belief that creation is a gift from God to be enjoyed, cherished and protected
- strategies for positive mental health are promoted.

Monitoring and evaluation

Spiritual development cannot be measured and continues throughout our lives. However, opportunities offered to pupils for spiritual development will be monitored and evaluated in the following ways:
