

Cleeve Prior CE Primary Physical Education Curriculum offer

Nurturing

Flourishing

Growing

"It doesn't just come overnight, you've got to train for it and believe in yourself; that's the most important thing."

Mσ Farrah

Our vision is to provide a safe, caring and nurturing environment, where everyone is given opportunities to learn, discover and grow in our changing world. We will live out our Christian values of Respect, Hope, Love, Forgiveness, Trust and Honesty and strive to guide our community into leading fruitful lives, learning from Jesus' teachings, to love themselves and one another in order to flourish.

‘Teach children how they should live, and they will remember it all their life.’ Proverbs 22:6

Cleeve Prior CE Primary School – Learning and growing together in God's family.

We believe our vision, along with its associated values, set the tone for our entire ethos as a school community. We want to give our children the best start, be led by the example of Jesus' life and for all our children to know that they can achieve anything if they put their mind to it. Our role as a school is to help them to become citizens of the future, to lead and inspire others.

Our school promotes an exciting, Christian community in order that all of our pupils will:

- ◆ become independent life-long learners with an enjoyment of learning.
- ◆ achieve their full potential in all areas.
- ◆ behave well and grow in self-esteem.
- ◆ make progress emotionally, morally, physically, socially and spiritually.
- ◆ have respect for others' views, be tolerant of differences and value one another equally so they are able to live and work harmoniously in our multi-cultural society.

PE Intent

P.E is an important part of a child's education as it promotes physical activity, health, and wellbeing. We encourage children to be active for sustained periods of time, developing pupils' competence to excel in a broad range of sports. This can also improve academic performance, cognitive function, and social skills.

Engaging in competitive sports and activities can help pupils to develop important life skills, such as teamwork, communication, and leadership, as well as promoting a sense of achievement and motivation. However, it is important that competition is balanced and inclusive, and that all pupils can participate at their own level.

We aim to support pupils to lead healthy, active lives, both now and in the future. This can have a positive impact on their overall wellbeing and quality of life.

PE Implementation

Our curriculum uses Sprint Active's sequence of lessons, which provides an in-depth coverage of the content from the National Curriculum. Through squiggle, children learn to develop their gross and fine motor skills in the Early Years. This equips pupils with the skills needed to prepare them for invasion games, dance, gymnastics, athletics, tennis, and cricket which are all taught in Key Stage 1. These skills are then further developed in Key Stage 2 where pupils play in competitive games applying basic principles suitable for attacking and defending; develop flexibility, control, and balance; and perform dances using a range of movement patterns.

Our curriculum also offers outdoor adventurous activity, where all pupils take part in forest school. In addition to this, our KS2 pupils experience a range of adventurous sports such as archery, kayaking, paddle-boarding and climbing at Aztec Watersports each year.

Swimming lessons are also taught to all children in Key Stage 2 to increase the number of pupils who can confidently swim 25m by the end of year 6.
