Nurturing

Flourishing

Growing

Our vision is to provide a safe, caring and nurturing environment, where everyone is given opportunities to learn, discover and grow in our changing world. We will live out our Christian values of Respect, Hope, Love, Forgiveness, Trust and Honesty and strive to guide our community into leading fruitful lives, learning from Jesus' teachings, to love themselves and one another in order to flourish.

‘Teach children how they should live, and they will remember it all their life.’ Proverbs 22:6

Cleeve Prior CE Primary School – Learning and growing together in God's family.

We believe our vision, along with its associated values, set the tone for our entire ethos as a school community. We want to give our children the best start, be led by the example of Jesus' life and for all our children to know that they can achieve anything if they put their mind to it. Our role as a school is to help them to become citizens of the future, to lead and inspire others.

Our school promotes an exciting, Christian community in order that all of our pupils will:

- ♦ become independent life-long learners with an enjoyment of learning.
- ♦ achieve their full potential in all areas.
- ♦ behave well and grow in self-esteem.
- ♦ make progress emotionally, morally, physically, socially and spiritually.
- ♦ have respect for others' views, be tolerant of differences and value one another equally so they are able to live and work harmoniously in our multi-cultural society.

## French Intent

Our aim is to develop the confidence and competence of each child in the foreign language they are learning. Our goal is for them to be passionate, curious and confident about their own foreign language learning abilities when they finish the primary school phase of their education.

We will help them develop and demonstrate substantial progress in the 5 key language skills necessary for learning French:

- Speaking
- Listening
- Reading
- Writing
- Grammar

We aim to ensure that pupils of all abilities develop solid foundations in these key language learning skills - properly preparing them for the next stage of their language learning journey. These skills will develop children's ability to understand what they hear and read and enable them to express themselves in speech and writing. We will extend their knowledge of how language works and explore the similarities and differences between the foreign language they are learning and English. We will also help strengthen their sense of identity through learning about culture in other countries and comparing it with their own.

## French Implementation

French is taught in a whole-class setting by the class teacher. Teachers plan their lessons using the Language Angels scheme of work and can supplement this with their own ideas and experience.

The lessons are designed to motivate, captivate and interest children from the first moment. They have clear, achievable objectives and incorporate different learning styles. SEN children have access to the curriculum through variation of task, grouping or support from an adult.

Our KS2 class has a timetabled lesson of at least 45 minutes per week. French can also be revisited in short sessions throughout the week to consolidate knowledge and ensure new language is retained.

French lessons include:

- PowerPoints and interactive whiteboard materials
- Interactive games (which pupils can access from home to consolidate their learning)
- Songs & raps
- Desk-based consolidation activities, adapted to meet the needs of all learners.
- Worksheets (at three different levels of challenge) are provided throughout each teaching unit

Each lesson will focus on a combination of the 5 key language learning skills (speaking, listening, reading, writing and grammar).

# French Impact

We use a variety of assessment methods to check what our children have learned. These include (but are not restricted to):

- Knowledge catchers
- Super summaries
- Quizzes and mini tests (including speaking and listening activities)
- Pupil voice activities
- Activities in learning logs
